OBJECTIVE

University graduate with experience in competitive programming, seeking full-time Software Engineer roles.

EDUCATION

Bachelor of Computer Science, Yonsei University

2009 - 2016

SKILLS

Programming Languages
Languages

C++, Python
Korean(native), English(OPIc Advanced Low(Expired), Intermediate Mid 3)

EXPERIENCE

Competitive Programming
[Codeforces](#)

August 2018 -

- Achieved Master rank in January 2020.
- Achieved peak rating of 2105.

[Leetcode](#)

- Achieved peak rating of 2413.

[Codechef](#)

- Achieved peak rating of 2182.

Programming Contests
Google Code Jam

Jan 2019 -

- Ranked 2747th out of 8017 in Round 2, 2020.
- Ranked 1902nd out of 67518 in Round 1C, 2019.

Facebook Hacker Cup

- Ranked 635th out of 1028 in Round 2, 2019.
- Ranked 677th out of 1401 in Round 2, 2018.

Google Kick Start

- Ranked 287/13694, 182/10289, 1008/13650, 829/11351, 940/6198, 202/8098 in round A, B, C, E, F, G, 2020.
- Ranked 581/4894, 354/2608, 250/6321, 245/3302, 1070/5202, 203/3314 in round A, B, E, F, G, H, 2019.

Team Programming Contests
Google Hash Code

Jan 2019 -

- Ranked 2902nd out of 9004(participants with one or more submissions) in 2021.
- Ranked 1801st out of 6640(participants with one or more submissions) in 2019.

Reply Code Challenge

- Ranked 217th out of 2990 in 2021.

PROJECTS

NFA reduction Built a project that reduces state complexity in Nondeterministic Finite state Automata using C++.
